

Updated Guidelines (From 10th Dec)

We have worked hard to put safety measures in place at our facility in line with Government and UK Screen Alliance Guidelines.

We have implemented several precautions so that we can provide a safe and enjoyable environment for staff and guests.

Some of these measures include:

- Face coverings must be worn within any part of the building, except while eating or drinking. This applies to all visitors and staff, unless exempt.
- Hand sanitiser stations at the building's entrance, and all touch points.
- Additional cleaning of surfaces, touch points and seats throughout the day.
- Fresh air ventilation is in place throughout all screens.
- Drinks and food are available through pre-order only. Orders cannot be amended within 1 working day of booking.
- NHS Covid-19 Test and Trace QR poster displayed throughout the building.

All current measures that have been put in place will be reviewed as the Government and UK Screen Alliance guidelines are updated.
